Bytów, 11.12.2011 | DRUTEX HAS BEEN AWARDED WITH THE TOP BUILDER

The windows IGLO 5 and IGLO 5 Classic - have been awarded with the prestigious distinction Top Builder 2012 as the best and most innovative products in 2011.

Top Builder statuettes are the awards in the Program of the Builder magazine and are given for innovative, leading products and solutions in the construction industry, which comply with the requirements of sustainable construction, providing high quality and safety of buildings erected..

The jury of the IV th edition of this prestigious competition, similarly as in the previous year, appreciated the windows IGLO 5 and IGLO 5 Classic for modernity in the field of design, energy efficiency and functional solutions. A revolutionary thermal performance of the products respond to contemporary challenges of the customers when it comes to the thermal insulation and high comfort. Innovative solutions guarantee also lower heating bills and reliability.

The award confirms that windows IGLO 5 and IGLO 5 CLASSIC stand out among the highest quality branded products, whereas the new technological solutions are recognized by customers and professionals and industry experts.

Wysoką jakość okien IGLO 5 oraz IGLO 5 CLASSIC gwarantują profile GL SYSTEM, zaprojektowane przez DRUTEX S.A.. Wykonane są z pierwotnego materiału bazującego na stabilizacji wapniowo-cynkowej okna już w wersji standardowej są wyposażone w wzmocnienia stalowe w skrzydłach okiennych i ościeżnicach. Dzięki temu podwyższają statyczność i elastyczność profilu. Ponadto, okna IGLO 5 oraz IGLO 5 CLASSIC posiadają także okucia MACO Multi Matic KS z dwoma zaczepami antywyważeniowymi oraz blokadą błędnego położenia klamki i podnośnik skrzydła, który zdecydowanie ułatwia eksploatację okna. Bezpieczeństwo okien firmy DRUTEX S.A. potwierdza certyfikat w klasie odporności antywyważeniowej WK2.

"Top Builder statuette is the awarded given as confirmation of high quality, modernity, functionality and desing-in our woodwork. The assessment is done by the experts from the industry and people who are particularly demanding and have great expectations for innovative products. Hence, I am pleased that our windows, IGLO 5 and IGLO 5 Classic,

once again have been appreciated in this prestigious ranking."- said Leszek Gierszewski, President of DRUTEX SA

High quality windows IGLO 5 and IGLO 5 CLASSIC are guaranteed by the GL System profiles, designed by DRUTEX SA. They are made of original material based on calcium-zinc stabilizer and already in the standard version windows are equipped with steel reinforcements in sashes and frames. Thanks to those reinforcements increase stability and flexibility of the profile. In addition, windows IGLO 5 and IGLO 5 CLASSIC are also equipped with the fittings MACO Multi Matic KS with two hooks and lockings as well as mishandling device and lift of the wings, which strongly facilitates the operation of the window. The security of the windows are confirmed by the certificate WK2 which proves the resistance to burglary.
